Non-resident staff may receive an education grant of up to 75% of school fees for each child attending school on a full-time basis.

Childcare

There is a well-regarded nursery on campus which provides full day-care for children aged 4 months to 3 years. This is available to all staff employed on the Genome Research Campus and to local families so places cannot be guaranteed.

7. Taxation

Because of EMBL's status as an international organisation and under the agreement with the UK government, your EMBL pay and benefits are not subject to UK taxation or social security.
